Thank you very much for your work!

Let's start!

We are trying to understand morality and how people use and respond to different words.

In the questions 1 to 14 you are asked to rate if the given WORD is closer to the concept of Loyalty or the concept of Disloyalty in a group.

Loyalty in this task expresses the need to form and maintain groups. It underlies values like patriotism, sacrifice, and trustworthiness. Associated emotions are group pride (for country, sports team, ethnic group, or platoon, etc.) and hatred of traitors. Disloyalty expresses the opposite value, the feeling of not needing to belong to a group and the belief that groups separate us rather than bring us together.

Then for the questions 15 to 18, we present to you some considerations and you are asked to rate how relevant they are to your thinking, when you decide if an action is morally right or wrong.

For the questions 18 to 20 we present to you a few statements and you are asked to say if you agree or disagree with them.

There is not a correct or wrong answer. We are interested in your opinions. Please work at a rapid pace and don't spend too much time thinking about each word. Rather, make your ratings based on your first and immediate reaction as you read each word.
