Thank you very much for your work!

Let's start!

We are trying to understand morality and how people respond to different words.

In the questions 1 to 14 you are asked to rate if the given WORD is closer to the concept of Care or the concept of Harm.

Care in this task is defined as the ability to feel (and dislike) the pain of others. *It underlies virtues of kindness, gentleness, and nurturance.* Harm expresses the concept of not feeling the need to cherish or protect others.

For the questions 15 to 18, we present to you some considerations and you are asked to rate how relevant they are to your thinking, when you decide if an action is morally right or wrong.

For the questions 18 to 20 we present to you a few statements and you are asked to say if you agree or disagree with them.

Please work at a rapid pace and don't spend too much time thinking about each word. Rather, make your ratings based on your first and immediate reaction as you read each word.
