Thank you very much for your work!

Let's start!

We are trying to understand morality and how people use and respond to different words.

In the questions 1 to 14 you are asked to rate if the given WORD is closer to the concept of Authority or the concept of Subversion.

Authority in this task expresses the need to maintain social order and create beneficial relationships through hierarchies. It drives people to be aware of and respect rank and status. It is reflected in, for example, the elevated status given to acknowledged experts and professionals and in the deference shown to superiors. Subversion expresses the opposite concept. It underlies values about opposition to hierarchy and concentration of power. It reflects to individuals with lower need for structure, that challenge traditional authority schemes, lifestyles, and sexual practices.

Then for the questions 15 to 18, we present to you some considerations and you are asked to rate how relevant they are to your thinking, when you decide if an action is morally right or wrong.

For the questions 18 to 20 we present to you a few statements and you are asked to say if you agree or disagree with them.

There is not a correct or wrong answer. We are interested in your opinions. Please work at a rapid pace and don't spend too much time thinking about each word. Rather, make your ratings based on your first and immediate reaction as you read each word.
